DUNCAN AVIATION PRESENTS THE FALCON 50 FEATURING **ROCKWELL COLLINS PRO LINE 21** (FAA CERTIFIED ST01052WI-D)

The Rockwell Collins Pro Line 21 is the ultimate Falcon 50 flight deck package. In addition to being the best available today, it provides an easy software upgrade path that includes the anticipated safety-enhancing and mandatory systems on the horizon.

PRO LINE 21 BENEFITS

- Digital Automatic Flight Control System (AFCS).
- Added safety of Dual Flight Management Systems (FMS).
- RVSM-capable dual Air Data Systems (ADS).
- Doppler weather radar.
- Integrated Autopilot/Flight Director Processor (IAPS).
- Data acquisition and diagnostics computation.
- Digital communication and navigation systems.
- Digital Attitude & Heading Reference Systems (AHRS).
- Highly reliable, reducing cost of ownership.
- Typical 300-pound weight savings.

ADVANCED FEATURES

- Electronic enroute and approach charts plus airport diagrams (paperless cockpit).
- Graphical NEXRAD weather.
- Enhanced electronic maps with geographical and political boundaries, airspace restrictions, terrain features and airways.
- Multifunction displays support TAWS, TCAS and other advanced features.

SAFETY • EXPERIENCE • TECHNOLOGY • RELIABILITY • UPGRADEABILITY
