

DUNCAN INTELLIGENCE

Dedicated to "Perfecting the Craft" • Edited by Ed Johnson • Fall '98

Team Changes

Throughout the year, Duncan's Lincoln facility has been significantly increasing its structures repair area. With eight official members on its "Structures Team," Duncan can perform repairs on virtually all business class aircraft.

At Duncan's Battle Creek location, changes have recently been made to create a specialized Citation team. This Citation team is now supported by Carl Coonce, Citation technical specialist. Carl and his Citation team members are dedicated to offering the highest quality of Citation support in the industry.

Nose Gear Ice Protection Boot

As the snow and ice season approaches, calls begin to come in from customers asking for the part number of the nose gear ice protection boot installed on Citation 500 series aircraft. For future reference, the part number is CJMD232-005 and is found in the Tool and Equipment manual, not in the Illustrated Parts manual. Installation instructions are found in chapter 32 of the Maintenance manual.

If you ever need to know more about your Citation, please contact Ed Johnson in Lincoln at 800.228.4277 or Carl Coonce in Battle Creek at 800.525.2376.

Do You Have An HSI Or MPI Due In 1999?

Duncan Aviation will give away coupons worth \$2,000 at the NBAA this year to six operators who have a JT15D engine with an HSI or overhaul coming due between now and the end of 1999. The coupons will be redeemable at either the Lincoln or Battle Creek locations. (One registration per event is allowed.)

Duncan Aviation will give away coupons worth \$4,000 at the NBAA this year to six operators who have a TFE 731 engine with an MPI coming due between now and the end of 1999. The coupons will be redeemable at either the Lincoln or Battle Creek locations. For MSP or JSSI customers, the coupon can be used for work performed in conjunction with an MPI. (One registration per event is allowed.)

To register for the drawing, stop by Duncan's booth #7564 during the NBAA or call your Service Marketing Rep, Jon Dodson or Cecil Sloan at 1.800.228.4277. You do not need to be present at the NBAA to win.

AVPAC Has Increased Its Citation Rotables Inventory

AVPAC has greatly expanded its Citation rotables inventory.

Contact any AVPAC parts expert via the ILS, Internet at <http://www.avpac.com>, E-mail at sales@avpac.com, or call us at 800.228.1836.

Chapter 5 Changes

Citation is in the process of reviewing its inspection program, beginning with 550 models. The review is an effort to reduce the number of inspection items included in certain Phases, particularly 1, 2, 3, 4 & 5.

The first revision was released on Aug. 3, '98, and the new inspection program is now in place for 550s. In some cases, Citation has reduced the number of inspection items by over 50%. For example, the 550 Phase 3 inspection now incorporates only three items.

In addition, task numbers, showing the procedure for accomplishing tasks, have been assigned to each item. Procedures for accomplishing tasks are located in the corresponding chapter of the Aircraft Maintenance Manual.

For those who have CD-ROM capability, procedures can be "hyper-linked" from the inspection guides in Chapter 5. If you used Cescards, they can no longer be used. Old item codes will not, in most cases, correspond to the same numbers used for new item codes.

Model 560 aircraft are now in review. Revision is expected at a later date. If you have questions about the Revised Chapter 5 requirements, please contact Ed Johnson in Lincoln at 800.228.4277 or Carl Coonce in Battle Creek at 800.525.2376.

For Citation technical info, we have the experts. Our Citation Team consists of tech reps and technicians with experience in airframe/engine, interior/exterior completions, avionics installations, component repair and parts.

In Lincoln, contact **Tim Klenke** at 402.475.2611 or 800.228.4277

In Battle Creek, contact **Roger Courey** at 616.969.8400 or 800.525.2376

Stop At Duncan's NBAA Booth # 7564 Oct. 19-21 in Las Vegas.
