## INFORMATION & CAPABILITIES

### THE COMPANY

- Established in 1956. Based in Lincoln, Nebraska
- More than 3,000 team members worldwide
- Lincoln, Nebraska
  - 888,000-square-foot facility
  - Cage Code: 4G242
  - Unique Entity ID (SAM) LUT2RW65X3M5
- Battle Creek, Michigan
  - 545,000-square-foot facility
  - Cage Code: 1VBF9
  - Unique Entity ID (SAM) Y9BGBRMCH725
- Provo, Utah
  - 280,000-square-foot facility
- Across the United States
  - Satellite locations
  - Rapid Response (airframe/engine) launch locations
  - Worldwide
  - AOG Rapid Response Team services
- Experience
  - US Government Defense contractors
  - International Aerospace and Defense Organizations

### DESIGNATIONS

- Organization Designation Authorization (ODA):
  - Supplemental Type Certificates (STCs)
  - Military Certifications Office (MCO)
  - Major Repairs and Alterations (MRAs)
  - Parts Manufacturer Approvals (PMAs)
- Designated Engineering Representatives (DERs)
- Designated Airworthiness Representatives (DARs)

### SPECIAL MISSIONS SYSTEMS INTEGRATION & AIRCRAFT MODIFICATION SOLUTIONS

Duncan Aviation offers comprehensive systems integration services, specializing in seamlessly integrating complex systems to achieve peak performance. Our team of experienced avionics technicians and engineers expertly handles the integration of electronic, electrical, mechanical, and structural components.

### Avionics Authorizations

- Honeywell
- BendixKing
- Gogo/SatCom Direct
- Collins Aerospace
- Thales
- Garmin
- Avidyne
- Universal Avionics
- SpaceX Starlink & Starshield

### Key areas of expertise include:

- Avionics modernization
- Camera installations
- Flight Inspection Systems (FIS)
- Maritime patrol and special mission equipment
- Connectivity

### PROGRAM AND CONTRACT LOGISTICS SUPPORT

Duncan Aviation has extensive experience managing systems integration and modification programs for leading U.S. and international aerospace and defense organizations. We handle every aspect of the program, from initial proposal writing to final delivery and training.

### DEPOT LEVEL MAINTENANCE

Duncan Aviation thoroughly understands the requirements, special circumstances, and challenges faced by U.S. and international Aerospace and Defense Organizations. We offer depot-level maintenance, repair, and overhaul in every area of the aircraft. Capabilities include: engineering, component repair and overhaul, airframe maintenance, and aircraft modifications.

### Airframe Authorizations

- Bombardier Challenger
- Bombardier Global
- Bombardier Learjet
- Dassault Falcon
- Gulfstream
- Embraer

## Engine & APU Authorizations

- Pratt & Whitney
  - PW300/PW500—Designated Overhaul Facility (heavy)
  - PW615F/PW617F—Line
  - JT15D/PT6A—Line
  - ESP
- Honeywell
  - TFE731—Line/Major/Heavy
  - HTF7000—Line/Minor
  - GTCP36-100/-150 Line/HSI
  - CFE738/RE100, RE220—Line
  - MSP/MSP Gold
  - GE
  - CF34—Line
  - OnPoint
- Rolls Royce
  - BR710 A1-10/C4-11/A2-20—Line
  - SPEY 511-8/TAY 610-8/611-8C—Line
  - AE3007A—Line
  - Corporate Care
- Williams International
  - FJ44—Line
  - TAP

## PARTS & ROTABLES SALES/EXCHANGE

- Over \$170 million in available parts inventory
- More than 723,000 line items
- Parts are ready to ship immediately
- Aircraft Parts Consignment Program for hard-to-find aircraft parts

## WWW.DUNCANAVIATIONPARTS.COM

- Through a myDuncan account, explore our searchable online parts & repair capabilities at [www.DuncanAviationParts.com](http://www.DuncanAviationParts.com).
- View prices, check available quantities, and access all relevant documents.
- Enjoy exclusive offers tailored just for myDuncan customers.
- Convenient Management: Streamline your maintenance projects with all the information you need in one place.

## AIRCRAFT COMPONENT REPAIR

Overhauls, repairs, exchanges, outright units, avionics, instruments, landing gear, and technical support.

In-house repair capabilities cover over 52,000 different part numbers, ensuring you receive the parts you need without delay.

## Avionics Instrument Authorizations

- Collins Aerospace
- BendixKing
- Honeywell
- Avidyne
- ACR Artex
- Garmin
- Thales
- Kollsman/IDC
- L3 Harris
- Universal Avionics (only ASC in the United States)

## DUNCAN MANUFACTURING SOLUTIONS

Duncan Manufacturing Solutions specializes in creating complex, ready-to-use aviation parts, from structural supports to interior components. We leverage their expertise in unique materials and exacting specifications to handle everything from single prototypes to large-scale production runs, including one-off obsolete parts for aging aircraft, as well as aircraft cabling & harnesses. They utilize innovation and creative problem-solving to assist aging aircraft requiring out-of-production parts. Their commitment to quality is underscored by their AS9100D and ISO 9001:2015 certifications, which cover a wide range of processes including sheet metal, composites, precision machining, welding, and finishing.

## DUNCAN AVIATION QUALITY ASSURANCE

- ISO 9000:2001 Compliant
- Foreign Corrupt Practices Act
- Import/Export/ITAR
- FAA Accepted RSGOM
- Contracts Specific Quality Plans
- ORCA Registered
- US Govt Fuels Contract
- Equipment Calibrations
- Cybersecurity Maturity Model Certification
- Govt Contract compliant with DFAR 252.204-7021

## DUNCAN AVIATION GOVERNMENT PROGRAM HISTORY

Special Missions Systems, Aircraft Modifications, & Flight

Inspection Systems (FIS):

- (NSM) Turkey—Citation C560 XLS
- (ATI) Israeli—Cessna C510
- (NSM) Algeria—Citation C560 XLS+
- (ATI) Malaysia—Learjet 60
- (NSM) Spain—Citation C560
- (NSM) Japan—Cessna CJ4
- (AD) Norway—Falcon 20

U.S. Government Overhaul/Repair Contracts:

- USN—T34/T44 Landing Gear Overhaul
- USCG—HU-25 Wheel contract
- USAF—KC135 Instrumentation
- T-6 Avionic & Instrument repairs
- USAF—C-130 Servo/Mount Overhaul

Depot Level Maintenance: Contract Logistics Support (CLS):

- C-21 Depot Level Maintenance (Air Force)

- C-12 Avionics (Army, Navy, Air Force)
- C-23 Avionics and accessories (U.S. Army)
- USAF FMS Egyptian Air Force VIP

Special Projects Installation and Repair Support:

- USAF - E-4B

International Government Maintenance Contracts:

- Ecuador Air Force—VIP / Presidential
- Colombian Air Force—VIP / Presidential
- Mexican Navy—VIP Squadron
- Royal Norwegian Air Force—VIP Squadron
- Egyptian Air Force—VIP Squadron (Direct Contract)
- South African Air Force—VIP Squadron

Cockpit Upgrades:

- Mexican Navy - Casa 212
- L-3 - Casa 235
- South African Air Force - Falcon 50
- Spanish Navy - Citation C550
