Tim Barber, EMEA Aircraft Sales
+011 44 7836 352676 | Tim.Barber@DuncanAviation.com

Tim Barber is based in the UK and primarily focuses on markets outside of the US. His activities have seen him working as an exclusively mandated broker on behalf of aircraft buyers and sellers in Europe, Asia, the Middle East, India, Australia, as well as the United States and South and Central America. He has been in aircraft sales and acquisitions for 13 years and prior to joining Duncan Aviation he had been the driving force behind the establishment of JetBrokers Europe, ultimately overseeing its operational merger with JetBrokers Inc. Tim has a good deal of business experience, having run sizable companies and held directorships with businesses listed on the Financial Times Stock Exchange (FTSE) and the Alternative Investment Market (AIM) in the UK. In 2019, he was named a 2019 Top 30 International Dealmaker by Corporate Jet Investor.

Tim has enjoyed an unprecedented run over a period spanning 10-months between 2021 and 2022 in which he achieved an average of a deal a month. Nothing smaller than a Phenom 300 sale, with the largest sale being a BBJ2. On the acquisition side, he secured a number of Legacy 600s and most recently a G450 for clients.

Founded by Donald Duncan in 1956 as an Aircraft Sales company, Duncan Aviation is a 4th generation, family owned MRO with more than 2,500 employees who are dedicated to supporting all aspects of aircraft operation and ownership. Duncan Aviation has developed an unparalleled network of contacts by providing services to more than 4,000 aircraft each year and maintaining relationships with nearly 60,000 aircraft owners, operators, and industry sources worldwide. We have a global reputation of trust, transparency, and innovation.
